Service	Market activity	Competition
Ride sharing	Currently only 1 in 20 of our rides is shared by customers. Shared rides were the foundation of our business concept, as an environmentally sustainable transport solution. However, ride sharing has not been as popular as our ride hailing service in recent years. Market growth rate is 6% p.a.	Delle is the main ride share company in Bealand and focuses exclusively on the ride sharing market. Its focus is environmental sustainability and has been very popular with customers aged 18–24 and retired customers over the age of 65. Zenbi still offers ride sharing as a service, but like Beago, it has become less popular compared to ride hailing. Current market shares are: 1. Delle 38% 2. Zenbi 30% 3. Beago 20% 4. Others 12%
Ride hailing	Ride hailing continues to grow in popularity in Bealand. Customers in urban areas are increasingly moving towards non-owned transport options to access work and leisure activities. The urban population is set to increase by over 10% in the next six years. Market growth rate is 11% p.a.	Zenbi is the longest established and largest competitor in ride hailing in Bealand. However, Beago has grown significantly in recent years and has won a significant proportion of the Bealand ride hailing market. Current market shares are: 1. Zenbi 50% 2. Beago 35% 3. Others 15%
Micro mobility	Micro mobility is increasing rapidly in popularity, driven by the increasing focus on sustainable transportation. It is increasingly popular with younger customers (Under 24s). Beago has invested significantly in micro mobility infrastructure in the last few years. Market growth rate 14% p.a.	Beago is the market leader in the micro mobility market. No other TNC has invested as heavily, and the market is relatively new compared to ride hailing and ride sharing. Current market shares are: 1. Beago 62% 2. Weelz 22% 3. Others 16%
Business services	There has been a rapid growth in the demand for business transport solutions. Corporate transportation costs have been rising, and many businesses are looking to alternative transport solutions for staff and customers which are sustainable and cost effective. Market growth rate 15% p.a.	The business services market is currently quite fragmented. There are many business solutions available and many competitors in this market offering a wide range of business transportation solutions. Dpart is a dedicated TNC provider of business service transport solutions and offers only limited transport services to non-business customers. Current market shares are: 1. Dpart 20% 2. Beago 12% 3. Others 68%
